

BYRD'S COMPETITIVE GYMNASTICS TEAM 2019-20

USAG LEVELS 3 and UP

Byrd's USAG Levels 3 and UP Competitive Gymnastics Team is a selected group of gymnasts that compete in various Junior Olympic level gymnastics meets within the region which are sanctioned by USA Gymnastics (USAG). USA Gymnastics is the National Governing Body for the sport of gymnastics in the United States, the United States Olympic Committee and the International Gymnastics Federation. The mission of USA Gymnastics is to encourage participation and the pursuit of excellence in all aspects of gymnastics. In order to compete in USAG sanctioned events, gymnasts must register as an Athlete Member with USA Gymnastics.

Practice:

USAG competitive gymnasts Levels 3 and UP will be required to work-out for a minimum of 3 days per week ranging from 8-14 hours. In addition to stretching and conditioning, the competitive team work-out structure includes all gymnastic events: Floor, Balance Beam, Uneven Bars, and Vault. Gymnasts learn a routine of skills on each apparatus and perform these routines at regional competitions.

Most competitions for the USAG team will be within the greater Kansas City area and are hosted by various local gymnastic clubs; however some of the meets may be outside the Kansas City metro. Gymnasts compete in their own age group with all group participants executing the same routine for compulsory levels or similar skills and requirements for optional levels.

Gymnasts are judged by professional and qualified judges on different elements for each event and may be awarded ribbons, medals or trophies for their placement.

Commitment:

Becoming a member of a competitive gymnastic team requires a strong commitment of both the gymnast and the parent. It is important that the gymnast participate in every practice and maintain a year-round commitment to the sport in order to be successful. Competitive gymnastics is a highly rewarding sport that develops and enhances discipline, responsibility, goal setting, time-management skills, self-esteem and confidence. The physical and mental benefits will be carried with your child throughout their life.
